## *Clinical Key for Electrical Stimulation in Physiotherapy and Rehabilitation*

KA220-VET Cooperation partnerships in vocational education and training

Project No: 2021-1-TR01-KA220-VET-000032970

### **Multiplier Event from BMAEU**

#### **Seminar On Electrical Stimulation in Scoliosis**

**Dear Reader,**

Burdur Mehmet Akif Ersoy University is one of the partners of the CK4Stim Project. The seminar was held in person on August 8, 2024 at Burdur Mehmet Akif Ersoy University. Lots of physiotherapists from various institutions participated.

The seminar presentation was delivered by project researcher PT MSc. Lecturer Betül Söylemez from Burdur Mehmet Akif Ersoy University. During the seminar, information was provided about the project's goals, the project team, transnational meetings, results of the pilot course, and the final outputs. A workshop was also held, which included a demonstration of the project's website. In this workshop, the practical use of online training materials for physiotherapists was explained. Following the project introduction, practices of electrical stimulation in scoliosis were discussed.

At the end of the seminar, participants' questions were answered, and screenshots taken by the participants were shared.
